## Medical Grade Symbol

The medical grade symbol was established by the Oregon Health Authority and made available to OLCC licensees.

The medical grade symbol is a symbol that is used only by OLCC licensees that produce cannabinoid products, concentrates, or extracts that have a THC concentration that is above the recreational concentration limit.

The medical grade symbol is used only on products sold at OLCC licensed retail stores. Products that contain a medical grade symbol can only be sold or transferred to a designated primary caregiver or patient, for use by a patient.

Licensees who want to produce medical grade products must follow the requirements set out in OAR 845-025-3300, as well as the rest of the rules. Any licensee that wants to process or sell medical grade products must register with the OLCC by completing the form found here: [http://www.oregon.gov/olcc/marijuana/Documents/Licensing\\_Forms/mj\\_opt\\_med\\_reg\\_FILLABLE.PDF](http://www.oregon.gov/olcc/marijuana/Documents/Licensing_Forms/mj_opt_med_reg_FILLABLE.PDF)

**The medical grade symbol must appear on the principal display panel and be at least 0.35 inches in diameter.** Any medical grade product should contain the warning "For use by OMMP patients only" rather than the recreational warning, "For use only by adults 21 and older."
